

MPA CHARITY GOLF 2018 DONATION

KLPL GAD

In conjunction with Singapore Maritime Week 2018, MPA has organised a charity drive event to raise funds for the less privileged in Singapore's society.

This is the third time MPA has organised such a charity golf event and MPA has appealed to Singapore's maritime community to donate big-heartedly to this meaningful and purposeful drive. The funds collected will go towards the Community Chest and MPA's adopted charities: The Salvation Army - Kids In Play and REACH Family Service Centre.

As part of "K" Line's group corporate social responsibility, KLPL has also made a donation of S\$1,000 towards this meaningful event.

On 6th April 2018, KLPL President & CEO, Mr. Makoto Hashizume presented a cheque of S\$1000 to Ms. Bernice Yeoh, Director of International Maritime Business Division from Maritime & Port Authority of Singapore. Ms. Bernice Yeoh took the opportunity to thank "K" Line for being a close partner in Singapore maritime community and appreciate KLPL's contribution to Singapore's Maritime industry through participation in other initiatives, such as Global Internship attachment (GIA) as well as sponsorship of MaritimeONE scholarship.

This is the second time that KLPL has made a contribution to this charity event.

Mr. Hashizume also used this opportunity to reaffirm "K" Line's continued support to MPA's initiatives through one way or another and also appreciate MPA's constant effort in improving the shipping industry, be it in areas of human talents or through funding in various programs and wished MPA success in the MPA Golf Charity event 2018.
