

## “K” LINE Selected for Dow Jones Sustainability Asia Pacific Index for 8 years

Dow Jones Sustainability Index (DJSI) is a stock market index jointly provided by S&P Dow Jones Indices LLC (a provider of Dow Jones Industrial Average) and RobecoSAM AG of Switzerland. This index evaluates ESG criteria (environmental social and governance) of thousands of listed companies worldwide and selects only limited companies with excellent sustainability performance. “K” LINE has been selected as a component of DJSI Asia/Pacific for 8th consecutive year. Followings is the list of ESG criteria for evaluating companies.

MEMBER OF

**Dow Jones Sustainability Indices**

In Collaboration with RobecoSAM

**In order to be selected for DJSI components, it is necessary to achieve excellent performance in broad aspects in the list. Once selected as a component of the index, such company has more chance to be elected as a target of “ESG investment,” thus can enhance corporate value as a result.**
